

Parkview Family For A Union-Free Community

Tired Of Our Family Being Divided?

Tired of the Tension?

Tired of the Peer Pressure?

Tired of the Home Visits?

Tired of Being Bullied with Texts & Social Media?

Tired of the Lies and False Promises by the Union?

If the SEIU-UHW is voted in, our family will change forever. Instead of working with your mother-in-law, you will be working with your monster-in-law, **a.k.a. THE UNION.**

The union wants our family to feel at odds with each other and our supervisors. They want us to be unhappy so they can present themselves as the only solution for fixing things.

Unions don't care about our patients and they certainly don't care about the long-term stability of our family. Unions only care about collecting our hard-earned money through union dues.

Want it All to STOP? Just Vote "NO"
