

# Parkview Family For A Union-Free Community

## THE FACTS

---

SEIU SAYS,

**“STRIKE TALK IS JUST A HOSPITAL  
SCARE TACTIC”**

**THAT’S NOT TRUE!**

### THIS IS WHAT CAN HAPPEN DURING A \$STRIKE?

- Normal living expenses such as mortgages, rent, car payments and food costs continue.
- Pay stops.
- In California, striking employees are not eligible for unemployment benefits
- They are NOT eligible to apply for food stamps
- Employees may be required to pay the FULL COST of their Medical benefits without Parkview sharing any of the cost when you are out on strike.
- Union members who cross the picket line to continue earning pay to support their families can be fined and/or subject to SEIU discipline
- The Hospital could temporarily, or even, permanently replace workers for going on strike.
