In 5 years CNA got a 23% increase

Let's put this in **PERSPECTIVE**....

"After more than two years of negotiations, California Nurses Association/National Nurses United (CNA/NNU) members ratified labor contracts with five Sutter Health hospitals in the San Francisco Bay Area. . .The new contracts **increase the 20-hour workweek threshold for health insurance to 30 hours**, change paid sick leave to short-term disability with partial pay, **eliminate retiree health care plans, eliminate certain charge nurse positions, and cut education leave benefits**. The contracts also include provisions limiting nurses' assignments by areas of expertise and **increasing the hourly wage by six percent**. There were **nine strikes** during the negotiation period. The prior contracts expired June 30, 2011 and the new contracts are set to expire December 31, 2015 . . ."

So. . . 6% increases for the nurse for the next 3-4 years???

Let's do the MATH!

Roughly 1200 RN's at Huntington

Modestly 1000 will pay the \$130.88
200 will pay \$65.44

\$143, 968 Dollars per MONTH

That is GIVING AWAY over **\$1.7 MILLION DOLLARS** per year
