

DAVITA TEAMMATE ALERT

More SEIU Lies!!!

The union is now telling the public and politicians that our clinics are “unsanitary” and unsafe for patients to get us to sign a fake petition for staffing ratios and get more of our personal information.

The union already got caught lying to teammates to get signatures on the “petition to support a teammate.” **DON'T BE FOOLED AGAIN**

SEIU doesn't care about our patients, they just want our MONEY

We are proud of our clinics and the care we provide our patients. We don't need unions or Sacramento to tell us how to treat our patients.

SHAME ON SEIU

for questioning the lifesaving care we provide when SEIU doesn't even know the first thing about dialysis
